

Library board information for Valley City residents

Are you interested in shaping the library and helping to ensure its future in the community? Are you a resident of Valley City? Are you free the third Thursday of the month?

If you answered yes to all three questions, talk to a current library board member or the director about how to join the board. Two of our current board members will be stepping down the end of June so this is a great opportunity for two individuals who are willing to serve and make a difference.
